Marina News

THE HOLIDAYS ARE HERE!

As we enter the cold, windy & stormy winter months, a reminder to all–

PLEASE check your bilge pumps and dock lines.

- November saw TWO boats that had been neglected SINK in their slips, bringing our 2015 total to 3 sinkings (so far) on our docks.

The cause, in both recent cases– a lack of owner maintenance and care.

These sad occurrences serve to remind us all that we need to pay attention to our boat and perform required maintenance to ensure that the vessel is in seaworthy condition. There was **no insurance** coverage in either instance, and this leaves the owners fully responsible for the raising, containment booms, staff time, pollution mitigation and boat removal costs– adding up in these cases to **tens of thousands** of dollars.

On a more positive note– we now have a new display of excellent photos in the Marina office by one of our boaters, Scott Wall. All are available in various sizes, should you want to purchase them. Come by and take a look at these great boat photos.

This is the time that many vessels with California registration are due for renewal– remember to bring, send, or scan & email a COPY of the new registration to the Marina office. We cannot accept photos of your stickers, we need the actual copy of the DMV document for our files. Please verify that your insurance is current, as well.

Please check your bill- ***We are sending out dredge advisory letters to all impacted slips this month.***

The Sierra Point Yacht Club is conducting a Holiday Boat Lighting contest, with judging to occur on Saturday, 12-12-15– if you are so inclined, then light that boat UP! Prizes will be awarded at the club that evening, and it should be fun for all.

I am thankful to have such a great job, in a beautiful place– I am always working to make this a better place for you. My door is open, so stop by!

Two sinkings... in two weeks !

Please be sure you carry the PROPER insurance coverage for Hull & Machinery (to refloat and recover if she sinks)

Talk to your insurance carrier about this!
