2018 Tide Tables are here!

Safety items

Recently there have been SEVERAL dog-related incidents on & off the docks involving dogs that are NOT under their owners' control (off leash). More than one animal has been AGGRESSIVE to other dogs, guests and boaters. Be aware that this is a citable offense per Brisbane Muni Code, and– if there is an incident, you will be exposed to berth license termination.

Also, more importantly– small CHILDREN MUST be accompanied by an adult and SHOULD wear a PFD at all times on the docks. We recently watched, along with other visibly upset boaters- as a 3 year old ran, alone– all over the docks! Again, this type of violation can QUICKLY result in death or injury. Call someone out & do the right thing if you see this behavior!

- **A change in the composition of newly manufactured garden hose metal fittings can result in a bond that will BREAK off your dock faucet if you try to force it off… we recommend that you apply a small bit of a Chapstick-type (edible/non toxic) product to the threads to ensure you can loosen it… IF you cannot loosen your hose fittings– TELL US and we will tackle it gently… thanks. To date, several faucets have been broken by well intentioned boaters.**

- **March update: Live-aboard permit application**
  As you know, we have *applied to BCDC for approval* to be a "live-aboard" marina. We still have **NO idea on the possible approval TIMELINE**. There is no "LIST" at this time and we will post updates as this changes. IF approved- Boaters to be considered for this status will be those who ALREADY have a boat here.

REMEMBER-

- When you renew your California registration, remember to bring the new document to the office and **apply your 2019 stickers to your hull.** We STILL have a number of boats showing ***WAY expired*** CF #'s, and we **will** have Brisbane PD walk the docks to issue citations. Please also bring a new copy of your insurance policy when you renew.

We are always here for your comments and suggestions!
