2017 Tide Tables are here!

Thanks to our Public Safety Aides!

This is the last month that our Public Service Aides will be providing our nighttime patrol and security services. The City has elected to utilize a new, private security provider beginning in June, 2017.

We would like to thank Deo Raj, Hermann Reiss, Gene Dwyer, Simon Ng, Tommy Yu and John O'Brien for their service and dedication during many years of storms, freezing cold midnight shifts, and heavy winds.

The new patrol and nightly dock walks will be handled by local security provider FIRST SECURITY SERVICES, and their contact information will be posted at the office and noted here next month for your reference.

Unfortunately there have been many recent thefts from our parking lots. Most thefts involve valuable items left in plain view in locked vehicles at night– window smash is the preferred method of entry. Also, an entire cargo trailer with much valuable equipment was stolen from our lot.

PLEASE be vigilant, call Brisbane PD if you see anything suspicious! Their non-emergency number is: 415-467-1212. Call 9-1-1 for any in-progress crimes.

Michael Hahn
Harbormaster
