2018 Tide Tables are here!

Time to get out on the water

We will be walking the docks this month to inspect slips.

If you have DINGHIES or KAYAKS that are partially blocking your dock neighbor's ingress/egress, PLEASE be considerate and store them ONLY on "your" side of the shared space. Also, for FIRE SAFETY- do NOT store fuel cans on the docks… if you have any questions, please call the office.

This month at the beginning of the boating season is a great time to:

- **Recharge** fire extinguishers
- **Service** your motor oil
- **Condition** fuel and holding tanks
- **Recharge/replace batteries** in fire and carbon dioxide detectors
- **Refurbish Co2 inflated PFD's!**

MAY UPDATE LIVE-ABOARD PERMIT APPLICATION:
NO update– still waiting for approval...There is no "LIST" at this time and we will post updates as this changes. IF we are approved, the boaters to be first considered for this status will be those who *already* have a boat here.

- IF there is an emergency -**Please make us your second call** (put our # on speed dial, 650-583-6975) during regular work hours and we can come down to help (probably) before emergency services arrive!

Please see the reverse of this page for information on a ***CLEAN BOATING presentation*** at the SPYC this month! Thanks to Michael Bell for arranging this.

The **2018 Kite Festival is planned for Saturday, August 4th**, so there is still time to hone your flying skills! There will be food trucks, SPYC will have drinks & hot dogs, and Brisbane Parks and Recreation staff for face painting, and MORE!

Our door is always open, and we are grateful that you choose Brisbane Marina as your "home port!"

Michael Hahn
Harbormaster

Clean Boating Presentation @ SPYC 5-20-18

JOIN US FOR BRUNCH & A FREE CLEAN BOATING SEMINAR!
SUNDAY 5/20 BRUNCH 9-11 SEMINAR 11:30

Ahoy! California has one of the highest levels of recreational boating activity in the nation. With more than one million recreational boats in California, every effort to implement clean boating practices is a significant step towards preserving the waterways in our beautiful state. You are invited to attend a unique clean boating seminar on **Sunday, May 20thth, 2018 at the Sierra Point Yacht Club at 11: 30 am.**

Seminar topics will include:

Clean and Green Boating Practices: The California State Parks Division of Boating and Waterways (DBW) and the California Coastal Commission's Boating Clean and Green Program will review some simple environmentally sound boating practices you can implement related to oil, fuel, trash and marine debris. Seminar participants will receive a **free boater kit** including an oil absorbent pillow, information about environmental boating laws, oil related disposal site information, ABCs of Boating laws and the **San Francisco Bay Clean Boating Map.**

Sewage Solutions: The San Francisco Estuary Partnership (DBW Clean Vessel Act Program) will be providing information on how to dispose of your sewage properly. Seminar participants will receive free copies of the **San Francisco Bay and Delta Pumpout Guide and Maps for Boaters.**

Thank you for being **good stewards of the environment!**

Sierra Point Yacht Club

Quincy Bragg, Commodore
