Become a Master Composter or a Master Resource Conservationist!

San Mateo County Office of Sustainability's **RecycleWorks Volunteer Academy (RVA)** is offering ***no-cost*** webinars and 8-week courses focused on resource conservation, composting, and solid waste.

Learn hands-on from local experts and gain concrete skills to promote sustainability in your community! **Participants for select RVA offerings will be asked to volunteer time back into their communities.**

You must be 14 years or older to attend the courses, and a resident, business owner or employee located within San Mateo County.

Webinar

Dec 10, 2015
11:30am-1:30pm

Resource Conservation 101

Learn about how water, energy, and solid waste are managed in San Mateo County and what you can do to conserve these resources at home and at work.

To register http://www.recycleworks.org/sustainability/rva_resource_101.html

8-week Master Courses

Jan 20 - March 9, 2016
Wednesday evenings from 6-9pm
Location: Burlingame Main Library

Master Resource Conservation

Become an expert in water, energy, and solid waste management in San Mateo County and gain skills you can use to become a resource sustainability advocate and leader.

Feb 9 - March 29, 2016
Tuesday evenings from 6-9pm
Location: TBD

Master Compost and Solid Waste

Learn how to build a home composting system, how solid waste is managed in San Mateo County, and gain skills you can use to become a materials management advocate and leader.

Master Course participants will receive support from course instructors and RecycleWorks staff to complete 40 volunteer hours after the completion of the courses.

To register for the Master Courses, please visit http://www.recycleworks.org/sustainability/rva.html or contact Eun-Soo Lim at RecycleWorks@smcgov.org or 1-888-442-2666.

This no-cost educational program is made available through the County of San Mateo.
