Subject: Bay Lands Project - Brisbane Resident Thoughts

Hi Ingrid,

My name is Alex Coriano and I am a long time resident of Brisbane. I'm emailing you today asking for responsible development of the housing and commercial development project of the Baylands. Please provide the adequate amount of amenities, employment, education and public transportation and not over populate the area.

I understand development is needed but I would like to see the population density increase to reflect a growth in Brisbane and less like a booming and busy San Francisco that is overflowing.

Thanks for your understanding,

//Alex
