Subject: Baylands Educational opportunities

Ingrid,

I am not able to attend the City Council Meeting on 6/21.

I would like to ask the City Council to explore all of the possibilities for additional schools in the Baylands due to the new housing that is proposed and the possibility of joining the Brisbane and Bayshore School Districts. When the Baylands housing is built and additional students are added, probably needing a new school building, the current school district configuration will not benefit Brisbane School District financially. The 600 to 800 new students will not be connected to the City of Brisbane because of this separation. We should try to connect all of the new residents to Brisbane and joint school activities will help to make these new residents feel like they belong to Brisbane.

Respectfully,

Daniel Sorrentino
