Dear Mayor Conway and Brisbane Honorable City Council,

I am writing to vehemently oppose the revised General Plan Amendment.

What happened to the General Plan regarding Brisbanes legacy of no housing on the Baylands?

The games and charades must stop! The watering down of the Baylands General Plans is not acceptable.

In my opinion this echos a betrayal of the public trust that I would like to see restored and this attempt to change the will of the citizens of Brisbane only accelerates it.

I'm tired of a Taiwanese foreign interest like Tuntex owner of UPC Universal Paragon Corporation driving rough shod over over Brisbane's legacy of no housing on the Baylands. With its deep pockets buying political favors in Sacramento to influencing elected officials have only weaponized the system of media and politicians against our small Brisbane town. To usurp our local Land Use Authority is not only disturbing but disgusting.

I reject the current proposal of up to 2200 housing units and 7 million square feet of commercial development.

You must all support High Speed Rail it can efficiently and effectively remove significant numbers of cars from our over crowded roads.

Wheres the public conscience? This General Plan amendment will jeopardize public health, exacerbate traffic and lower the quality of life for the citizens of Brisbane.

Cordially,

Danny Ames
