Subject: Pipeline map of our area

Ingrid, please forward this to the whole City Council. Thank You.

Everyone please feel free to forward this to anyone who might be interested.

I just happened to stumble across the national pipeline mapping system and typed in San Mateo County. Never knew there was a breakout tank on the Baylands. Certainly hasn't been mentioned anywhere before. . . go figure. Some where under mount Brisbane by the looks of it. Wonder what the bearing capacity of that tank is? Wonder what the volume is? Wonder if it is intact? Wonder lots of things.

Also Looks like KM had an accident at some point, but no surprise there.
