How long have you lived in Brisbane? 22 years

Occupation: Student, Teacher's Aide, Face Painter, Nanny

Employer's Name: Silverspot Co-OP Nursery School, Self Employed

Present Position: Teacher's Aide and Monthly Meeting Length of Employment: 5 years

Childcare coordinator (Silverspot)

What community activities are you presently involved in, or have been in the past?
I actively raise money and volunteer for Silverspot, Brisbane Elementary School, and Brisbane Dance Workshop. Some of my efforts have included selling raffle tickets, donating face painting for auctions, and also face painting at various events. Most notably, I worked in a position of leadership with BDW designing and applying makeup and face paint for their spring performance. Throughout my life I've participated in many lagoon and canyon cleanups along with painting fire hydrants and attend the Day in the Park, Concerts in the Park, and patronize our Farmer's Market.

Please list any other background information (business, education, personal) that might be useful.

Most of my work involves the children in our community, I'm very in touch with the interests of both this age group and their parents. For the last two years I've served San Mateo County as a Court Appointed Special Advocate for foster care children and have further developed my passion for serving others not only in my direct community but in my area at large. I'm currently a student at San Francisco State studying Marketing and anticipate to graduate in December 2014 and just recently passed my real estate exam.

Why do you want to be a member of the above Commission/Board?

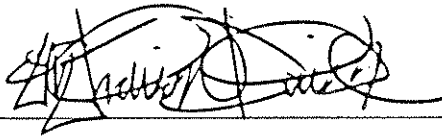

I've lived in Brisbane my entire life and have been an active member of the community. Even as a child I often brainstormed about events and ways that I could improve our city. At four years old I spoke at my first city council meeting when community members were invited to share their ideas for the community park that was going to be designed. I remember seeing it come together shortly after and feeling proud that I was somehow involved. I still have that same sense of interest but finally am at the age and have the time to collaborate with others in a position that can bring ideas to life. I've served the city of Brisbane and its organizations in various ways over the years but feel I can have an even bigger impact as a member of The Parks and Recreation
What do you feel you could contribute to the Commission/Board?

While I have plenty of my own ideas for Brisbane, I understand that as a Commissioner my job is to be a listener to those in the community. I am able to make individuals feel heard and appreciated. Likewise, I also have extensive experience working in groups and compromising to achieve an outcome everyone can be proud of. While every idea I don't always agree with, I can put aside my personal preferences for the good of a group and can recognize that it's ok when others don't always agree with me. I plan to bring to the Commission not only my listening and collaborative skills but also my presentation and public speaking strengths as well.

Parks and Recreation Commission meetings are held on the 4th Wednesday of each month, beginning at 6:00 p.m. Commissioners also attend weekend activities such as the Family Festival, and Lagoon and Canyon Clean-ups. What other commitments might cause conflicts in your attendance at Commission meetings/activities or conferences?

My schedule is fairly flexible since I am mostly self employed and can make adjustments if notified ahead of time. When I first became aware of a potential spot on The Parks and Rec Commission I was told the meetings fell on another Wednesday. Currently I provide the childcare for Silverspot's monthly meetings which happen to fall on the fourth Wednesday of the month. I was told to go ahead and apply and that if selected, the other commissioners and I could potentially work out another Wednesday to hold the meetings. Otherwise, I would consider leaving my position at Silverspot, but would hope not to have to.
