Bay Area Network for Teaching Entrepreneurship (high school students), Boys and Girls Club, and Children Read

Please list any other background information (business, education, personal) that might be useful.

I believe that the Brisbane community where we live is a critical building block of a strong and healthy society in the Bay Area and the state.

Contributing to the Brisbane community through the planning, management, and participation in community organizations, commissions, and events is my way of giving

back to the amazing Brisbane community that we have- wonderful people, beautiful nature, and a peaceful and safe community.

Why do you want to be a member of the above Commission/Board?

I believe that recreational and community programs that benefit all residents of Brisbane are critical part of the great quality of life in Brisbane and contribute to the strength and the health of the community here.

Brisbane has gorgeously beautiful nature offering both bay views and spectacular mountain views and has warm sunny weather all year round, which provides unique opportunity for the community to lead an active healthy life with cultural, recreational and lifestyle activities outdoors at parks, trails, and playgrounds/pool and indoors at the community centers and events venues.

I have truly enjoyed living in Brisbane in the last 8 years and I want to contribute to improving the experience and the quality of life of the Brisbane residents. I believe I can do that by being a member of the Parks and Recreation Commission.

What do you feel you could contribute to the Commission/Board?

I bring 15 years of executive business management experience, including planning, strategy development, growth opportunity evaluation, financials and budget management, and people management.

I am a strong leader with initiative and drive. I love solving problems and I work well as a team by communicating effectively and treating others with respect. I bring excellent strategic thinking and analytical skills and I work with the other members of the team to evaluate all viable alternatives before making a final decision.

I believe my extensive executive business management experience and strong leadership skill and ability to work with others will make me a strong contributor to the Parks and Recreation Commission.

Parks, Beaches, and Recreation Commission meetings are held on the 1st and 3rd Wednesdays of each month, beginning at 7:00 p.m. Commissioners also attend weekend activities such as the Family Festival, and Lagoon and Canyon Clean-ups. What other commitments might cause conflicts in your attendance at Commission meetings/activities or conferences?

No commitments
