

**CITY OF BRISBANE
OPEN SPACE AND ECOLOGY COMMITTEE
APPLICATION**

TO: HONORABLE MAYOR AND CITY COUNCIL

I am a resident of the City of Brisbane and am interested in serving on the Open Space and Ecology Committee.

Name: E. Megan Keogh

Address: Lake Street, Brisbane, CA 94005

Home Phone: Work Phone:

How long have you lived in Brisbane? *14 years (rented my home for 4 years, when I moved to VA to care for my Father)*

Occupation: Sales Executive

Employer's Name: Lenos Software

Present Position: VP of Strategic Accounts

Length of Employment: 1 month (recently at Salesforce - 6mo contract).

Why do you want to be a member of the Open Space and Ecology Committee?

I welcome the opportunity to learn more and increase our community's awareness of the impact that we make as humans on our environment. I am very much interested in helping to develop more sustainable practices. I also am so proud to live at the base of San Bruno Mountain.

Please list any background information (business, education, personal) that might be useful, especially concerning activities that demonstrate your record of public service and commitment to the community.

I have always believed in giving back and to do my best to promote organizations that advance businesses, along with advancing my personal knowledge, growth and skills & in turn to teach others.

Throughout my career in the hospitality industry, I joined committees, then was promoted to the boards of SVBTA - Silicon Valley Business Travel Association (President) and NCCMPI – Northern California Meeting Professional International.

The last four years in Virginia I joined the Children's Miracle Network Foundation. As a Committee member I participated fully to help raise \$30,000 annually for our local hospital.

Prior to my departure 4 years ago – I join the CEV's and participated in the training.

What do you feel you could contribute to the Open Space and Ecology Committee? Please provide information that demonstrates your interest in open space and ecological issues

Having been on many association committees and boards, I understand the commitment that I am making, I also have an understand the impact that we as a community make on our environment. I personally have buckets in each bathroom to collect the cold water – while waiting for it to get hot, and use it to water plants and wash my car. (I have many friends now doing the same).

When I first rented on Trinity Road – I climbed San Bruno Mountain 5 days a week – I felt so fortunate to live in a city like Brisbane, where we protect our environment and have so much open space. I now ride my bike along the lagoon and around the Bay. We live in an extraordinary city with some amazing citizens; we have a responsibility to them and each other. I don't want to be a person that just talks about change; I want to be the person that participates in helping to make change.

Do you have any personal financial interest in any vacant, undeveloped property in Brisbane?

Yes: ____ No: X____

If yes, please list:

Thank you for your time reading my application. Please contact me if you have any questions.
