**Rebuttal to Argument Against Measure JJ**

BY BRISBANE CITY CLERK

This ballot measure is indeed about your family and your children, the future and your choice. It is about whether in the future, Brisbane will have the ability to make the best choices for our community.

17  
18

Let's be clear, a YES vote on Measure JJ means that any development of the Baylands will be done on Brisbane's terms, not the State's terms--which would reduce local authority over land use decisions--and not the developer's terms--who has proposed a development that would triple the population of the City.

Again, this Measure only allows development under safeguards that protect the City, the environment, our residents, and our quality of life.

13  
8

Housing would only be allowed with full environmental cleanup, and only in the northern portion of the former railyard.

14

If and when Brisbane approves a development plan for the Baylands, this Amendment includes conditions to safeguard the City and its future residents.

14  
9

City services would NOT be curtailed because the landowner must include, in ANY development:

13  
1

- Assurances of positive revenues to the City during development and after. 11
- Development of an environmental sustainability program approved by the City. 10
- Cleanup of contaminated residential land that meet the state's highest residential cleanup standards. 12

Measure JJ will help us ensure that any development of the Baylands is safe and responsible, but mostly, it ensures and requires that any future development benefits Brisbane and protects our current and future residents.
