Reputtal Against the Argument in Favor of JJ
BY BRISBANE CITY CLERK Brisbane does not need to fear the State Legislature as much as it needs to fear this General Plan Amendment. Please VOTE NO. We need safe, responsible development.
This Amendment is poorly crafted, based on risky speculations and fails to guarantee enough local control. 2 .
• It gives the developers almost everything they wanted without any firm assurance from 13 the legislature that it won't impose more high density development.
 Building approximately 10 million square feet will increase the housing crisis, adding about 7 jobs for each housing unit. Only a small portion will be "affordable." This solves nothing. This will more than double Brisbane's population and generate 34,000+ new car trips per day, resulting in gridlock.
• State and County agencies, not Brisbane, are in charge of making the Baylands' three Superfund sites safe. Hunter's Point teaches us that regulatory agencies do make dire 12 mistakes.
 This is contaminated landfill. The Amendment basically ignores the risks from earthquakes, liquefaction, and sea-level rise. Brisbane spoke clearly in 1994 when the people voted to ban housing on the Baylands for safety reasons.
 This ill-advised Amendment ignores the long-term liability issues, water scarcity, the recommended renewable energy plan, and legitimate citizen concerns that were voiced.
 This Amendment does not protect us from exposure to airborne contaminants, exhaust, /2 dust, vapors, and extensive pile driving, or poisons fouling groundwater and the Bay.
The current Amendment proposal was driven by fear and is a huge gamble. l 3
