

RECOLOGY MODERNIZATION AND EXPANSION

**EIR SCOPING MEETING
APRIL 30, 2015**

A SCOPING MEETING IS...

- Specifically defined in CEQA as:
 - An opportunity to provide comments about the type and extent of environmental analyses to be undertaken in an EIR.
- Other opportunities to address environmental issues include:
 - Public comment period on Draft EIR.
- Opportunities to comment on the project itself include:
 - Public hearings before the Planning Commission.
 - Public hearings before the City Council.

BACKGROUND

- Recology San Francisco has proposed to modernize their existing facilities on Tunnel Avenue to achieve a zero waste goal for its San Francisco and Brisbane service areas, including:
 - Expansion of existing Tunnel Avenue facilities;
 - Consolidate existing Pier 96 facilities to Tunnel Avenue and decommission Pier 96; and
 - Consolidate existing 7th Street facilities to Tunnel Avenue and close 7th Street facilities.
- This request requires the City of Brisbane to consider taking a discretionary action.
- California Environmental Quality Act (CEQA) requires the City to review potential environmental effects of this action prior to any approval.
