

Project Statement- Corovan 100 Cypress Lane

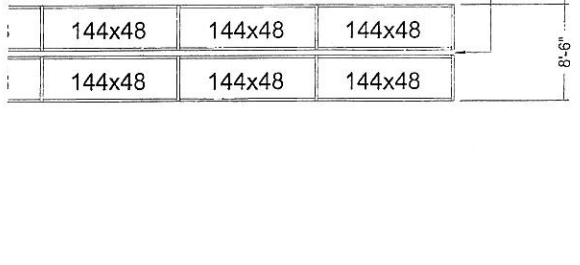

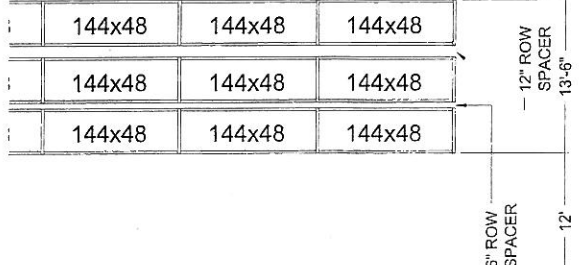

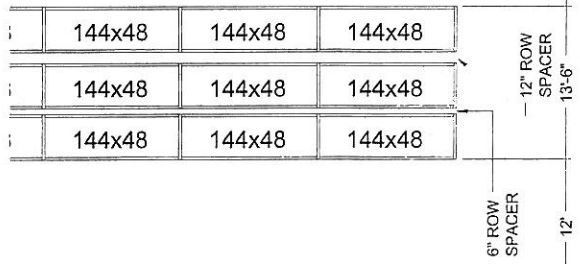

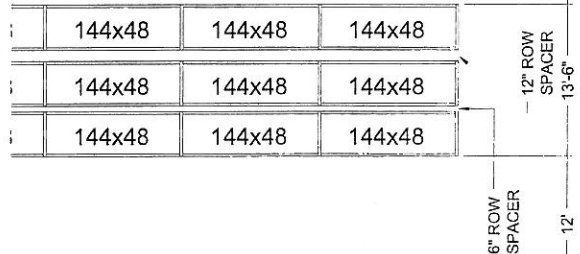

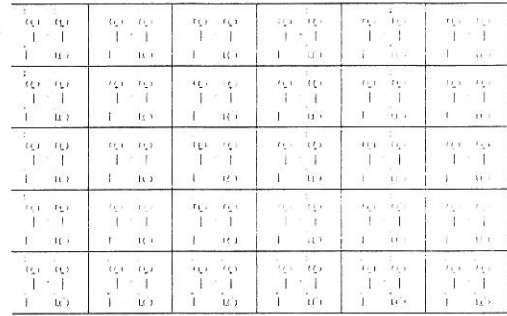

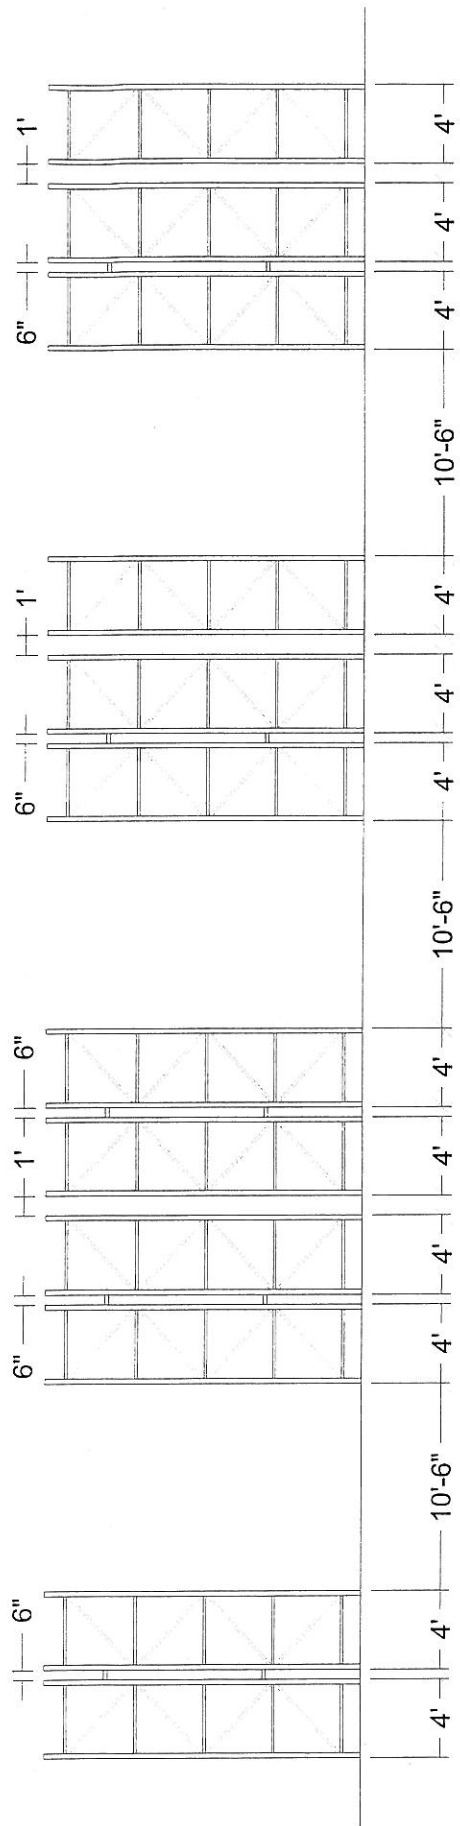

Corovan is a family owned Commercial Moving and Storage company which has been doing business in the State of California since 1947. We currently operate in San Francisco, Pleasanton, San Jose, Fullerton and Poway.

For the purpose of zoning and use in the Crocker Park District, The City of Brisbane code classifies us as a Freight Forwarder. However that is not our business. Our business is providing moving services to corporate clients, and to provide warehouse space for surplus furniture. We do not transport nor store any hazardous chemicals.

No modifications will be made to the existing structure or grounds.
