## Agenda Report

**TO:** Honorable Mayor and City Council

**FROM:** Director of Public Works/City Engineer via City Manager

**DATE:** Meeting of July 6, 2009

**SUBJECT:** Public Hearing on Imposition of Fiscal Year 2009-2010 Tax Roll Charges for the Sierra Point Landscaping and Lighting District

### **City Council Goals:**

To provide for effective and efficient delivery of City Services (1)

To maintain and improve infrastructure (3)

To develop management and fiscal systems to maximize effectiveness of City services and accountability to Brisbane taxpayers and citizens (11)

### **Purpose:**

To complete the process via a public hearing for the imposition of annual tax roll charges that fund Sierra Point's Landscape and Lighting Assessment District, which provides for maintenance of the landscaping, irrigation and lighting installed in 1989.

### **Recommendation: The following procedures and actions are recommended:**

1. Mayor's statement and declaration that the Public Hearing is open (see Attachment A).
2. Statement by the City Clerk verifying that the Certificate of Posting and the Resolution of Intention is on file (see Attachment B).
3. Statement of the Engineer of Record as to the nature of the project.
4. Reading of any written protest.
5. Hearing of oral testimony and comments.
6. Close Public Hearing.
7. By motion, adopt Resolution No. 2009-39, Overruling Protests and Ordering the Improvements and Confirming the Diagram and Assessment for Fiscal Year 2009-2010 for the Sierra Point Landscaping and Lighting District.

### **Background:**

At its June 15th meeting, the City Council adopted Resolution No. 2009-23, a Resolution of Preliminary Approval of Engineer's Report, and Resolution No. 2009-24, a Resolution of Intention to Order the Levy and Collection of Assessments Pursuant to the Landscaping and Lighting Act of 1972, pertaining to the Sierra Point Landscaping and Lighting District, Fiscal Year 2009-2010.

This year's budget and Engineer's Report reflect the increased assessment amounts put in place last year after a Proposition 218 vote was held and passed in February 2008.

In accordance with state law, joint notice of both the public meeting and the public hearing were mailed to all affected property owners and was posted at City Hall, Brisbane Community Center, Brisbane Public Library and Mission Blue Center. The preliminarily approved Engineer's Report is attached. As of June 30, 2009, no written protests had been received.

### **Discussion:**

In addition to the routine maintenance provided within the district, the revenue received also funds minor projects such as planting renovations within the medians to control the gopher population. A copy of the current plan for this work will be displayed at the Council meeting.

### **Fiscal Impact:**

This is an annually occurring process, which provides the funding mechanism for the work completed within the landscaping and lighting district. If the Council declined to order and levy the collection of assessments, there would be no identified revenue source for the work scheduled in this District.

## I. BACKGROUND

In 1983, the Brisbane City Council determined to undertake proceedings under the provisions of Division 15, Part 2, of the California Streets and Highways Code, entitled "Landscaping and Lighting Act of 1972", for the formation of an assessment district for the purpose of constructing, installing, maintaining and servicing the following facilities within said district:

- a) Public landscaping, including trees, shrubs, grass, other vegetation, and irrigation facilities.
- b) Public lighting facilities, including standards, poles, and electric current or energy.

The proposed district was designated the "Sierra Point Landscaping and Lighting District".

This report was prepared pursuant to a City Council resolution ordering the engineer to prepare and file a report covering the 2009 - 2010 fiscal year.

### **METHOD OF ASSESSMENT SPREAD**

The amounts to be assessed against the parcels of property to pay the costs and expenses of the work and improvements shall be based on the estimated benefits to be derived by the various properties within the assessment district.

Construction and maintenance costs shall be segregated by zone, then spread to the parcels within each zone in proportion to the area of the benefited parcels within the zone.

Incidental expenses shall be spread proportional to the area of benefited parcels within the assessment district.

Due to the County Auditor's requirement that individual parcel assessments be rounded to the nearest even cent, the total of said individual assessments may not exactly equal the total estimate of costs.
