City of Brisbane
Agenda Report

To: Infrastructure, Utilities and Franchise Subcommittee

From: Maria Saguisag-Sid
Principal Analyst

Subject: Proposed Annual Rate Increase from South San Francisco Scavenger Company, Inc.

Date: Meeting of April 10, 2018

Purpose: To ensure solid waste is disposed of in a proper and environmentally effective fashion.

Recommendation: Review and discuss proposed increases to be effective July 1, 2018 and direct staff how to proceed.

Background: The City of Brisbane currently holds a franchise agreement with SSF Scavenger in Zone 1 and 2. This agreement was approved effective November 2014. Services under this agreement not only include weekly residential and commercial solid waste removal services, but also provides for other services such as residential curbside recycling including food waste, the annual citywide yard waste clean-up, management of annual diversion reports to CalRecycle, assistance in implementing new mandates such as the AB341 mandatory commercial recycling law, and other solid waste services.

The Franchise Agreement with the SSF Scavenger provides for annual adjustment of rates for commercial and residential customers in Brisbane. There are two formulas for adjusting the rates.

1. Section 6.2 of the Agreement provides for an adjustment of 80% of the change in the CPI for the previous year. That is, if the CPI had increased during the previous year by 3%, the rates would increase by 2.4%.

2. Section 6.4 of the Agreement provides that every third year, a survey is to be done of a "basket" of 32 Bay Area cities which are listed in the Franchise Agreement. 2015 is a "survey" year. Brisbane's rates are to be set at 88% plus the percentage of the Franchise Fee times the average of the rates in the 32 cities for each of the five benchmark categories, which are; 32 gallon residential container, 32 gallon commercial container, 2 yard commercial container (per month, weekly pick up), 14 yard debris box and Compacted Garbage Rate (per cubic yard). The SSF Scavenger's other rates are

extrapolated from the benchmark rates. For example, the 20 gallon residential rate is set at 20/32 of the 32 gallon benchmark rate.

The agreement provides that SSF Scavenger submit the rate increase request by March 31st and the City act on the request by July 1st of each year. The franchise agreement provides the City with limited authority to negotiate the increment between the formula increase and the alternative increase.

Discussion: On March 26, 2017, SSF Scavenger submitted a Notice of Intent to adjust the current rates for the City of Brisbane based on a survey of 32 cities, per Section 6.4 of the franchise agreement. Provided in the notice are the results from the 2018 survey prepared by Teresa Montgomery, Sustainability Manager of SSF Scavenger. The proposed rate increases are as follows:

Rate	Proposed 2018 Increase
Residential and Multi Unit Properties	4.58%
Commercial Can Service	0.55%
Container Service	2.81%
Debris Box	4.48%
Compacted Yardage	8.18%

Attached is the notice of intent from South San Francisco Scavenger, dated March 28, 2017 which includes the detailed rate increases by service level. Staff has reviewed the proposed rates and they appear to be in line with what is permitted by the franchise agreements. The agreement provides that the City act on the rate increase notice of intent by June 30. Should the subcommittee concur, staff will bring the rate increase to the full Council for approval at a future council meeting prior to June 30.

Fiscal Impact: Based on these rates, the increase for a standard 32-gallon residential can would be $1.45 per month, or an additional $17.40 for the year for solid waste removal service. The increase for a 96-gallon (1/2 yard) toter would be $3.50, or an additional $42.00 per year. The increase for a 2-yard bin would be $8.63 per month, or $103.56 per year.

Measure of Success: Is solid waste removal able to continue efficiently for the community?

March 26, 2018

Ms. Maria Saguisag-Sid, IPMA-SCP
Principal Analyst
Human Resources/Special Projects
City of Brisbane
50 Park Lane
Brisbane, CA 94005

Dear Ms. Saguisag-Sid,

In accordance with the terms of Section 6.4 of the Franchise Agreement, please accept this letter, the attached data from our survey of solid waste rates, and the resulting proposed rate chart, as our Notice of Intention to adjust, effective as of July 1, 2018, each of the current maximum service rates based on the neighboring cities' rates.

The enclosed survey data was collected by Teresa Montgomery, Sustainability Manager, using the same methodologies as in previous surveys. Ms. Montgomery will be available to provide further documentation and / or research as needed.

We look forward to meeting with you at your convenience to discuss the survey results, and our next steps.

Sincerely,

Paul Formosa, CFO

Proposed Percentage adjustment	**4.58%**		**0.55%**	**2.81%**	**4.48%**	**8.18%**

*CALCULATION NOTES:

In cases where a 32gal residential cart was not available, the per gallon rate of the next closest size (usually a 35gal) was determined and multiplied by 32.

Debris box rates were calculated assuming 3 tons per load. In cases where a 14cy was not offered, the rate for the next closest size (usually a 15, 16 or 20cy) was used; the per yard rate was determined and multiplied by 14.

For jurisdictions not offering a compacted yard rate, a converted rate was calculated by dividing the 20cy compactor rate by 20.

The 20cy compactor rate assumes 7.5 tons.
