Agenda Report

To: City Council via City Manager
From: Administrative Services Director
Subject: Fiscal Year 2011/12 Appropriation Limit
Date: Meeting of June 27, 2011

Recommendation:

Adopt Resolution 2011-23 establishing the Appropriation Limit for Fiscal Year 2011/12.

Background:

Proposition 4 was adopted by California voters in November of 1979. This measure, codified Article XIII B of the California Constitution, (Government Code 7901). This section specifies that governmental entities must calculate and adopt annually an appropriation limit beginning with fiscal year 1978-79.

In June of 1990, California voters approved Proposition 111 which amended Government Code Section 7901 as it applies to the Appropriation Limit. According to Proposition 111 cities are permitted to adjust their appropriation limit annually by the following two factors:

1. Either the percentage change in the California per capita personal income for the preceding year or the percentage change in the growth of non-residential assessed valuation due to non-residential construction; and
2. Either the percentage change in population of the City or the County.

Attached is the calculation of the appropriation limit as allowed by Proposition 111.

Fiscal Impact:

The City's appropriation limit for FY 2011/12 is \$15,872,777. The City will receive \$8,299,440, in taxes, including the Guadalupe Valley Municipal Improvement District. Therefore, the City will receive about \$7,573,337 less in taxes than is allowed under the appropriation limit.
