## **CITY COUNCIL AGENDA REPORT**

**Meeting Date:** January 16, 2020

**From:** Director of Public Works/City Engineer

**Subject:** Ordinance 648 – Harassment of Animals

### **Community Goal/Result**

Ecological Sustainability - Brisbane will be a leader in setting policies and practicing service delivery innovations that promote ecological sustainability

### **Purpose**

To revise Chapter 6.08 of the Brisbane Municipal Code (BMC) to include prohibitions on feeding wild animals.

### **Recommendation**

Introduce Ordinance No. 648, waiving first reading, adding §6.08.115 “Harassment of Animals” to the Brisbane Municipal Code.

### **Background**

The language in the proposed ordinance is copied nearly verbatim from California Fish and Game (CA DFG) regulations found in Title 14 of the California Code of Regulations. The reason for incorporating it directly into the BMC is that violations will then be subject to the penalties and remedies specified in Chapters 1.14, 1.16 and 1.18 of the BMC, rather than CA DFG penalties.

### **Discussion**

The primary purpose for enforcing the prohibition on harassing wild animals is that feeding them creates unnatural foraging behaviors, which can create significant problems, including overpopulation. The current major concerns in Brisbane are the feeding of pigeons and ground squirrels at the Marina (where ground squirrels are slowly wreaking havoc on the dikes), and feeding of a large pigeon flock at the “curve” on Bayshore Boulevard (which creates a driving hazard when the flock alights). There have also been a few reports of well-intentioned but misguided individuals leaving food out for raccoons and coyotes.

Note that this regulation will not apply to the feeding of feral cats, because notwithstanding their “wild” designation, they are still classified as domesticated mammals.

### **Fiscal Impact**

There are no direct impacts anticipated as a result of implementing this ordinance.
