

Medical Treatment and Releases

Permission for medical treatment. Administrative procedures vary among medical personnel and medical facilities with regard to provisions of medical care for a child in the absence of a parent. The exact procedure required by the physician or hospital to be used in emergencies should be verified in advance.

In case of an accident or emergency, I authorize a staff member or authorized program volunteer of the Brisbane Recreation Department to take my child to the afore named physician or the nearest emergency hospital for such emergency treatment and measures as are deemed necessary for the safety and protection of the child, at my expense.

I fully understand the nature of the program or activity in which my child will participate. I further understand that the Parks & Recreation Department does not assume any responsibility for accidents to participants in such programs and the undersigned does hereby agree to release the City of Brisbane and its Department of Recreation from any liability in connection with the participation of my child in said activities and does further agree to hold the City of Brisbane harmless from any liability in connection therewith. This release applies to any program or activity sponsored by the Parks & Recreation Department in which my child may participate.

The City of Brisbane periodically uses photographs of participants and users of its recreational opportunities, programs and events for local, regional or state publicity. By my signature, I acknowledge receipt of this document and give permission for the City of Brisbane to use my child's photograph for such purposes.

I also authorize and give full consent to the City of Brisbane, and its successors and assigns, to publish and display any and all photographs taken of my child for any and all publications, promotional publications, exhibitions, commercial art and advertising purposes, without limitation, reservation or any compensation. I hereby warrant that by signing this document I agree to release and hold the City of Brisbane harmless from any legal action that may arise affecting the right to exercise the City's right, title and interest in photographs covered by this document.

With these facts in mind, I accept the responsibility for my child participation in such activity. I further understand that the Parks & Recreation Department is not responsible for lost or stolen items and I do further hold the City of Brisbane and the Parks & Recreation Department harmless from any liability for lost or stolen articles. I will also instruct my child not to engage in any activity or utilize the equipment unless the assigned instructor is present.

If a participant has not had a recent physical examination, the Parks & Recreation Department suggests one be arranged before beginning any activity, if such activity is of a physical nature.
