

CITY OF BRISBANE

FIREFIGHTER

Definition

Under general supervision of a Fire Captain, responds to fires, medical emergencies, hazardous materials incidents, rescues, and other emergency and non-emergency situations; participates in all other suppression, prevention, inspection, education and related activities to protect life and property; operates and maintains fire fighting apparatus and equipment; performs fire station maintenance; serves in specialized departmental roles as assigned; provides information and assistance to the public; and performs related work as required.

Class Characteristics

This is the working level in the fire service, qualified to perform all normal fire suppression, basic medical emergency, hazardous materials and other emergency response activities. Incumbents are expected to learn to drive and operate a truck, engine and all other vehicles and equipment prior to completion of the probationary period. Successful performance of the work requires a team-oriented individual who takes pride in serving the community, is flexible and a problem-solver, and is able to perform heavy physical work at potential risk to health and safety. This class is distinguished from Firefighter/Paramedic in that the latter is qualified to provide Mobile Intensive Care Paramedic medical services in addition to performing the full range of duties as a Firefighter. It is further distinguished from Fire Captain in that the latter is the first supervisory level in this sworn class series.

Examples of Duties (Illustrative Only)

- Responds to fire alarms, emergency medical calls at the basic life support level, emergency rescues, hazardous materials incidents, public service calls or other incidents, which require the mitigation of circumstances that may threaten life or property.
- Drives and operates all fire equipment and locates the apparatus at the proper place at the scene.
- In a fire emergency, lays, connects, charges and uses supply lines and various water appliances to control and extinguish fires; places water curtains and performs ventilating and access maneuvers; uses foam and chemical extinguishers as required by the nature of the fire.
- Searches and rescues victims from buildings, motor vehicles, water hazards and other locations.
- Applies medical treatment and life support techniques within the scope of an Emergency Medical Technician (EMT); provides assistance to qualified paramedics, as directed; assists in the emergency transportation of patients.
- Contains, isolates and minimizes hazardous materials spills.
- Works closely with other emergency medical staff, police and public safety and fire personnel from other agencies; responds to mutual aid situations as required.
- Participates in investigations, clean-up, salvage and overhaul operations.
- Participates in the fire inspections of buildings and properties within the City on a regularly-scheduled basis.

- Maintains apparatus and vehicles in a clean and operable condition; performs minor maintenance and repair on equipment; reports the need for major repair.
- Maintains the station and living quarters in a clean and orderly condition; performs minor maintenance on facilities and station equipment.
- Participates in drills and training sessions.
- Develops and maintains effective working relationships with the community; presents a variety of educational and public services programs to children, youth and community groups.
- Performs and coordinates specific program or project areas, such as:
 - Hazardous materials, CPR and First Aid training;
 - Specialty apparatus acquisition and maintenance;
 - Uniforms and personal protective equipment acquisition and maintenance;
 - Communications equipment acquisition and maintenance;
 - City-wide extinguisher and medical supply program; and/or
 - Hydrant service and beautification.
- Prepares reports; prepares and maintains logs, records and accurate files.
