Harbormaster:
Michael Hahn

Administrative Assistant:
Teresa Camarda

Maintenance:
Chris Redfield
Doug Messing

Marina Services Director:
Randy Breault

2019 Tide Tables are here!

Marina Events: Kite Festival 2019 is on Saturday, July 13th from 11 AM - 5 PM.

SPYC will have food, we may have music, and there will be fun to be had by all. If you like the wind (I have a feeling some of you might!), and you enjoy the smiles of children, *you should come fly with us!*

Improvements to the Marina:

We have had to chase folks off the seawall for years. Last month a guy walked out and took a selfie, turning his back on his 2 year old while he enjoyed the sun! So, we have added new barricades and signage to improve the safety of the Marina for all.

Marina Staff Requests:

- Please do not clean fish on the dock, or dump the carcasses in our waters. Recently this has become a major thing. People are moving fish guts in our dock carts, then not rinsing carts... yikes! So, if we find out who is doing it... adios! All dock gates have signs saying not to do this. Thanks.
- Also, Teresa has asked that I remind those who change credit cards to call and let us know of the change. Many have forgotten to do so.

Fair winds!
Michael Hahn
Harbormaster

Join us!
