Administrative Services Director Schillinger stated that on October 3, 2012 the Oversight Board convened a public comment session on the Housing Fund Due Diligence Review. He advised that there were no public comments received at that meeting. He said that the Board requested additional information be provided in the staff report for October 10th to further explain the outstanding loans made by the Redevelopment Agency's Low/Moderate Housing Fund.

He outlined the additional information provided and the next steps in the process for submittal of the Due Diligence Review to the Department of Finance.

Boardmember Miller asked for a sequence of explanations to understand how the fund went from 10 million to 2 million. Financial Services Manager Cooper described the bond payments that had been made that drew down the housing fund.
