the marina office

Time to Turn Back the Clocks

The days are getting shorter, nights are getting longer and temps are starting to drop in the evening....It's starting to feel a bit more like this time of year should!

And, before you know it, we will be heading to and from work in the dark, especially after turning back the clocks on Sunday November 3rd. That said, we are actively working through all the docks to ensure the lighting is properly functioning. However, should you see a light that is not functioning when walking to or from your boat, please send us a short note of the dock/slip location you spotted it. You can send it to us at: Harbormaster@brisbaneca.org

A few important housekeeping items:

- All CA state registered vessels, registration expires on 12/31/19. Please provide a copy of your new 2021 registration and valid insurance to the marina office. New '21 registration stickers must also be displayed appropriately on your vessel.
- Documented vessels, please provide a copy of your new documentation and valid insurance to the marina office.
- For the safety of everyone, there is no bike or skateboard riding allowed at any-time on any of the docks.
- Please be mindful of your vessel speed when entering or leaving the harbor—the harbor is a **NO WAKE** zone.
- Last, but not least, parking is at a premium and will only continue to get tighter as more of the new buildings come online. Parking permits will be more strictly enforced. If you do not have one, please stop by the office to get one today. If a permit is not displayed on your vehicle, you may be at risk of potentially being towed.

Anyone else feel that another year has flown by? Here we are in November, Halloween having just passed and Thanksgiving right around the corner.

Hope you all enjoy a Happy Holiday Season!

From all of us here at the Brisbane Marina, we wish you a safe and **Happy Thanksgiving!**

The Calm before the Storm!
