**ONE PLANET LIVING**

**A. Receive a presentation regarding the One Planet Living Initiative from Pooran Desai, Cofounder of Bioregional Development Group.**

Mayor Liu introduced Pooran Desai, the cofounder of Bioregional Development Group.

Pooran Desai presented examples of how the One Planet Living Principles are being used to create sustainable futures around the world. The One Planet Living Principles is a set of ten principles designed to achieve an ecological footprint based on the resources available on one planet. He cited successful collaborations between cities, citizens, and developers. He also facilitated a large group discussion with Councilmembers, and the public on the trends, opportunities, and challenges for the City of Brisbane as well as the ways One Planet Principles may help create a vision for Brisbane.

No action was taken by Councilmembers.

**ADJOURNMENT**
